## DRESS

It is the expectation that the university community will uphold Fundamental Belief #22 as it pertains to dress standards.

*Fundamental Belief #22: "We are called to be godly people who think, feel and act in harmony with the principles of heaven. For the Spirit to recreate in us the character of our Lord, we involve ourselves only in those things which will produce Christ-like purity, health and joy in our lives... While recognizing cultural differences, our dress is to be simple, modest and neat, befitting those whose true beauty does not consist of outward adornment, but in the imperishable ornament of a gentle and quiet spirit."*

Southwestern Adventist University stresses modesty, appropriateness and neatness. To maintain an academic atmosphere, neat clothing and attire is appropriate on campus and at university sponsored events. Clothing containing obscene or offensive slogans or graphics and clothing such as low cut, bare midriff, sheer, too tight or too loose that exposes undergarments or intimate body parts (back, chest, abdomen, etc.) are inappropriate. Hairstyles and the use of cosmetics should be tasteful and not extreme. Jewelry, with the exception of wedding bands, is not to be worn. Non compliance with the dress code may result in fines and further discipline.

## ENTERTAINMENT

In the selection of music, reading material, films, videos, discs, television viewing and other forms of private or public entertainment, students are expected to exercise Christian discernment and choose that which is uplifting, educational and in harmony with the Biblical standards outlined in Philippians 4:8:

*"Finally, brothers, whatever is true, whatever is noble, whatever is right, whatever is lovely, whatever is admirable - if anything is excellent or praiseworthy - think about such things."*

Any such offender will be prosecuted to the fullest of the law.

#### INSTITUTIONAL DECISION MAKING

Southwestern Adventist University students play an important role in the decisions made by the university. The Student Association President is an invitee to each Board of Trustees meeting. The residence halls are designed for currently enrolled undergraduate students under 24 years of age. Copies of the correspondence are kept on file in the Office of the Vice President for Student Services. Letters involving suspension or dismissal are placed in the student’s permanent file kept in the Records Office.

The Counseling and Outreach Center maintains very few records. Appointments are recorded on a secure computer file and only the general nature of the appointment is logged. Counseling sessions are not recorded or documented. Any records of students, including test results, are stored in a locked file cabinet. Upon entering into a counselor/client relationship, every student is informed of the “limits of confidentiality”. Everything shared in a counseling session is confidential under the limitations of the law.

### SUICIDE/SELF-HARM

Any student who attempts suicide, displays behavior which could lead to such an act or demonstrates a tendency toward self-harm will be placed on an open-ended medical leave of absence. Continuation as a student will occur only after the student has presented documentation of an approved therapy program, applicable releases and a written commitment to avoid harmful behavior

## TOBACCO

Although tobacco is not an illicit drug, nicotine has addictive properties and is responsible for a variety of health-related problems. It is Southwestern Adventist University's policy to remain a safe and healthful environment. Possession, use or distribution of tobacco products by students is strictly prohibited. Violation is grounds for disciplinary action up to and including fines and dismissal.

- Violation of residence hall policies and code of conduct
- Willful undermining of the religious principles or living in disharmony with the ideals of the institution

If a student comes under disciplinary action by violating university regulations and/or policies, the residence hall deans, the Vice President for Student Services and/or the Discipline Committee will seek a solution to the problem and obtain appropriate support that may involve contacting the student's parent(s), restitution and any one of the several levels of discipline.

#### DISCIPLINARY PROCEDURE (DISCIPLINE COMMITTEE)

If a student is called to appear before the Discipline Committee, he/she will receive:

1. Notification to appear, stating time and place of meeting
2. Permission to be accompanied by an advocate (student/academic community)

The student will be notified by the Discipline Committee Chairperson or by the Vice President for Student Services of the decision(s) or action(s) made/taken by the committee.

#### DISCIPLINARY ACTION

The university discipline process is separate from any criminal procedures. Disciplinary actions by the university fall into the following levels based on the infraction of university regulations and policies. Discipline does not necessarily proceed consecutively through each of the following levels:

1. Warning: Cautionary admonition given either verbally or in writing by university administration, faculty or staff
2. Censure: Written reproof for an infraction, which becomes a part of a student's record, with a copy sent to parent/guardian
3. Citizenship Probation: Disciplinary status indicating that a student may be dismissed for continued or repeated misconduct; notification sent to parent/guardian
4. Suspension: Exclusion from the university for a limited period of time
5. Termination at end of Semester: Actual dismissal, but with permission to complete courses in progress provided the semester is relatively near its close and provided the student's conduct is acceptable during the interim
6. Dismissal: Immediate exclusion from the university for an indefinite period

7. Restitution and Fines: Payment may be required to the university or to other individuals, groups or organizations for damages and/or punitive sanctions incurred as a result of the violation
8. In addition to university discipline, criminal charges may be pressed for criminal actions committed against members of the university community (students and/or personnel) or university property

#### DISCIPLINARY PROCEDURE (APPEAL PROCESS)

A student may appeal disciplinary actions imposed by the Discipline Committee. To appeal any decision, the student must submit a written appeal to the Vice President for Student Services stating the basis for the request. This must be based on new information not previously presented to the Discipline Committee. The Vice President for Student Services will make a decision to deny or approve the request to go before the Appeals Committee.

#### DISCIPLINE – EFFECT OF DISCIPLINARY ACTION UPON GRADES/CITIZENSHIP

Southwestern Adventist University attempts to separate the effect of a disciplinary action from the academic grades and achievement of an individual. However, an individual who becomes involved in activities requiring that disciplinary action be applied will suffer the subsequent consequences in a number of areas. For example, absences caused by suspension would naturally affect scholastic achievement. If a student is dismissed before the end of a semester for gross or continued misconduct, he/she will not have completed the work and thus be given a grade of “W”.

Levels of discipline (#3-#6 of above list) are of major significance and are as a rule included in a student’s personal file. A student’s citizenship rating is a very important part of his/her university record, especially as it pertains to recommendations to prospective employers and professional educational institutions.

#### DISCIPLINE – NOTIFICATION OF PARENT(S)/GUARDIAN(S)

Parents or legal guardians will be notified regarding any violation of any federal, state or local laws or of any rule or policy of Southwestern Adventist University governing the use, distribution, possession or sale of alcohol and/or other forms of illegal/controlled substances, if the student is under the age of 21.

#### DISCIPLINE – READMISSION

All records of conferences, censures, etc. regarding disciplinary matters are reviewed at the close of each semester to determine a student’s eligibility for readmission into the university for the next term.

#### DRUG/ALCOHOL POLICY

The United States Department of Education has issued regulations implementing the provisions of the Drug-Free Schools and Communities Act Amendments of 1989. In view of these regulations, the university is mandated to distribute its policy to all students, administrators, faculty and staff as it relates to the possession, use or

distribution of alcohol and illicit drugs. Southwestern Adventist University's policies on substance abuse and alcohol and the related violations and places to obtain assistance are outlined below.

Drug and alcohol use/abuse is pervasive in society today. The devastating physical, psychological and economic consequences of such practices are well documented. Southwestern Adventist University adheres to the philosophy that true education is the harmonious development of the physical, mental, social, moral and spiritual powers. The university is committed to providing an environment that is conducive to learning, positive thinking and healthful living. Southwestern Adventist University has dedicated itself to be a drug and alcohol free community by maintaining policies which prohibit the use, distribution, selling and/or possession of alcohol, tobacco and other illicit substances and drugs.

By enrolling at Southwestern Adventist University, all students agree to submit to drug testing. The Vice President for Student Services and/or residence hall dean may require chemical screening, Breathalyzer testing, etc. when evidence or a reasonable suspicion of alcohol or drug use exists. The student is obligated to pay the expenses of any mandated screening or assessments. The use of drug dogs may also be used in campus housing, campus parking areas and other campus facilities.

Southwestern Adventist University is committed to the position that students who enroll here do so because they expect to live and function in a drug and alcohol free environment. Each student, faculty and staff member has a personal responsibility to sustain such an environment by abstaining from the use of tobacco, alcohol and other illicit substances and drugs. The university is committed to a program of prevention, education, intervention, counseling referral and rehabilitation as a means of achieving this goal.

Students whose use of drugs and/or alcohol is brought to the attention of the Discipline Committee and who are not asked to withdraw will be required to take one or all of following actions:

1. Make an appointment within 48 hours with the staff at the Counseling and Outreach Center after receiving written notification from the Discipline Committee chairperson.
2. Undergo a written alcohol/drug assessment with an approved substance abuse professional in collaboration with the university counselor or counselor designee in the Counseling and Outreach Center.
3. Develop a written behavioral contract in consultation with university counselor or counselor designee and the Discipline Committee chairperson within 72 hours of initial assessment by the university counselor or counselor designee. Any violation of written behavioral contract may constitute immediate dismissal from the university.
4. Sign a release of confidentiality with the university counselor or counselor designee.

5. The university will (in accordance with the Federal Educational Rights and Privacy Act – FERPA) contact parent or legal guardian of student (under the age of 21) who has violated university policies on alcohol, substance use and/or abuse.
  6. Attend an initial two hour session of group therapy as administered by staff in the Counseling and Outreach Center, after which the university counselor or counselor designee will determine the if additional sessions are warranted or deemed necessary.
  7. Referral to outside treatment facilities in Johnson County (*Regenesis Counseling, Helping Open People's Eyes Inc. and STAR Council*) if determination is made by university counselor or counselor designee that student's needs are better served outside of the campus setting. All cost for treatment at outside facilities will be the student's responsibility.
- Suspension and possible dismissal from the university will result if required actions are not satisfactorily completed.
  - Student will be placed on Citizenship Probation for a minimum of a semester.
  - Student may incur fees for counseling services, mandatory assessment(s), additional testing, screening, administrative paperwork, fines, etc.
  - A second violation of the Drug/Alcohol Policy may result in the student's immediate dismissal from Southwestern Adventist University.
  - Applicable federal, state and local laws related to alcohol and drug use apply. A student convicted in a court of law of a drug related offense or violation is required to notify the Vice President for Student Services within five days of that conviction. **A student may sustain the loss of federal financial aid as an additional consequence of such a conviction.** (Student Resources section)

A student who recognizes his/her need for help in overcoming an alcohol or drug related problem is encouraged to talk with the university counselor for an initial screening. The student then may be referred to an approved external chemical dependency counseling agency where his/her involvement with drugs and/or alcohol would be analyzed. An appropriate recovery program would then be agreed upon between student and the agency counselor. Disciplinary action may not occur against any student who voluntarily refers himself/herself to a university or agency counselor.

## GRIEVANCE POLICIES

### CONCERN-COMPLAINT

A concern and/or complaint may be an issue or condition that is important to a student, but does not rise to the level of a grievance. In these matters, please contact the Office of Student Services to initiate assistance in the resolution process.

### ACADEMIC GRIEVANCE

A student who feels that he/she has been treated unfairly or unjustly by an instructor/faculty member of Southwestern Adventist University with regard to

an academic process has the right to appeal according to an approved procedure. Specific grounds for an appeal include one or more of the occurrences:

1. A computing/recording or other technical error has been made, but has not be acknowledged by the instructor
2. A grade has been assigned in an arbitrary, capricious or vindictive manner or in a manner intended to inappropriately manipulate or control the student
3. The assigned grade does not reflect the grading criteria in the course syllabus
4. The published department policies have not been followed

#### ACADEMIC GRIEVANCE POLICY – INITIAL APPEALS PROCEDURE

1. To initiate the appeals procedure, the student must talk with the course instructor for explanation/review of the decision within three university days of the occurrence (university days defined as time during the fall, spring or summer semester that the academic program is in session from registration to final examinations)
2. If the problem is not resolved within two university days of talking with the course instructor, the student must obtain an Academic Appeals Review Form from the course instructor's department chairperson. The chairperson has two university days to respond to the student. This completes STEP 1 on the Academic Appeals Review Form.
3. If the problem is not resolved, the student has two university days from the receipt of the Chairperson's decision to contact the Vice President for Academic Administration, providing the written summary of the complaint and the Academic Appeals Review Form. Within two university days the Vice President for Academic Administration will provide a written decision. This completes STEP 2 on the Academic Appeals Review Form.

#### ACADEMIC GRIEVANCE POLICY – FORMAL APPEALS PROCEDURE

If the problem is not resolved with the decision of the Vice President for Academic Administration, the student may file a formal grievance. A formal grievance is a serious matter and should be done with careful consideration. Within two days of the Vice President for Academic Administration's decision, the student must request in writing to the Vice President for Academic Administration for a formal hearing before the Grievance Committee, an ad hoc subcommittee of the Academic Policies Committee. The Grievance Committee will meet within three days of the request to hear the student's case and will issue a decision which will constitute final action taken by the university. This completes STEP 3 on the Appeal Review Form.

#### FINANCIAL GRIEVANCE POLICY

Students who believe that they have a financial grievance should follow the following procedure:

1. The student should appeal in writing to the Business Office or Student Financial Services no later than two weeks after the incident which prompts the grievance.
2. If the financial grievance is not resolved to the student's satisfaction, he/she should submit a written statement to the Vice President for Financial Administration no later than one month after the occurrence.

The Vice President for Financial Administration will consult with the Business Office/Student Financial Services/Financial Aid Office and reply in writing to the student within one week of receiving the student's written statement. The decision of the Vice President for Financial Administration will be final.

#### INTELLECTUAL PROPERTY GRIEVANCE

Resolution of Dispute: In the case of disputes which may arise due to differing interpretations of Southwestern Adventist University's policy on Intellectual Property, the following procedure shall apply:

1. The party with the grievance will notify the President of the university in writing, stating the cause of the dispute.
2. The President, within five working days of receiving written notice, will ensure the formation of an impartial five member ad hoc committee to settle the dispute.
3. Each party to the grievance will write a summary of the problem and submit the document to the ad hoc committee within ten working days of the establishment of the committee. The committee, at its discretion, may request additional documentation or clarification of existing submissions at any time during the dispute resolution process.
4. After reviewing the written statements, the committee will provide an opportunity for each side of the dispute to make an oral presentation to the committee. At that time, the committee may ask questions to clarify any areas of dispute that they deem necessary.
5. After the committee has reviewed the written statements, along with any oral statements and responses to committee questions, it will respond with a final, written decision to the President and all other parties to the dispute. The final decision must be issued within forty-five calendar days after the President was notified of the grievance according to Step 1, unless extensions are granted by mutual agreement between the parties to the grievance.

#### SEXUAL DISCRIMINATION POLICY

1. If a student considers a policy or practice of Southwestern Adventist University or any decision made by a teacher, work supervisor, staff member or administrator discriminatory on the basis of sex/gender, he/she shall give notice of alleged discrimination to the Vice President for Academic Administration.
2. If, in the opinion of the complainant, the discrimination continues beyond a reasonable length of time, he/she shall notify the Vice President for Academic Administration in writing. Upon receipt of such notice, the Vice President for Academic Administration shall appoint a committee of at least four (divided equally between students and university employees and male and female representation) members to investigate the complaint. As soon as the committee reports its findings to the Vice President for Academic Administration, he/she shall report these findings and his/her decision to the complainant in writing.
3. Appeal may be made to the President of the university.

4. If the complainant feels that an unreasonable length of time has lapsed or that the decision of the President does not remove the alleged discrimination, he/she shall notify in writing the Chairman of the Board of Trustees. The Executive Committee of the Board shall, at the request of the Chairperson, investigate the complaint and report to the Board of Trustees, whose decision shall be final.

#### WITHDRAWAL OF GRIEVANCE

At any time during the grievance procedure, the student may withdraw the complaint. Additionally, missing a deadline or failure by the student to appear for any scheduled hearing prior to notification or evidence of extenuating circumstances, shall constitute final action by the university.

#### MATTERS NOT GRIEVABLE

University policies, regulations or procedures adopted by the Southwestern Adventist University and/or the Board of Trustees are not subject to the grievance process. Although discussion on changes or recommendations of changes may occur, the dialogue in these instances is on the advisory level and not grievable.

#### INTELLECTUAL PROPERTY POLICY

As such, institutional review of disclosure, licensing and/or commercialization of intellectual properties covered under this policy is neither appropriate nor needed.

### NON-DISCRIMINATORY POLICY

### POSTING AND DISTRIBUTION POLICY

Materials posted and distributed on campus must have prior approval from the Office of the Vice President for Student Services. This applies to materials from students, student organizations and off campus organizations and individuals. Materials posted without pre-approval will be removed.

### RELATIONSHIP CONDUCT

In keeping with the mission of Southwestern Adventist University and its heritage as a unique Seventh-day Adventist institution, we are committed to retain our traditional Christian values and teachings on sexuality. We believe that Scripture is the ultimate authority on how to conduct our lives and serves as a light to guide our way in a manner that honors God and others. We also support the Seventh-day Adventist position on sexuality as articulated in *Fundamental Beliefs, Seventh-day Adventist Believe*, chapter 23, 329-338.

Southwestern Adventist University holds the position that sexuality is a gift from God. Sexual expression should therefore be made in a responsible manner, and decisions regarding sexual expression should be made thoughtfully. The university upholds the church's belief that "marriage is divinely established in Eden and affirmed by Jesus to be a lifelong union between a man and a woman in loving companionship" (*Fundamental Beliefs*, 329). The university expects that students should not engage in sexual conduct outside of marriage nor engage in any sexual behavior or activity that would interfere with the learning environment. Students choosing to participate in this type of sexual activity would be subject to disciplinary consequences. Southwestern Adventist University does not condone cohabitation and the university reserves the right to take action against the student(s) involved.

In accordance with the university's policy, Southwestern Adventist University strives to provide a safe and harassment free environment (Student Handbook: Sexual Misconduct Policy). The university will not tolerate harassment of any member of our campus community and will take disciplinary action against anyone found engaging in or responsible for such behavior.

The university acknowledges the complexity of issues surrounding sexuality, and is committed to the open and rigorous study of Scripture and discussion of all perspectives, both inside and outside the classroom. Regardless of one's point of view on this subject, Southwestern Adventist University affirms the dignity and worth of every person and seeks to create a campus culture where each person is treated with Christian love, dignity, and respect.

Sexual misconduct at Southwestern Adventist University will not be tolerated in any form. Student behavior, both on and off campus, is expected to comply with and reflect the values of Southwestern Adventist University. All students have the right to appropriate, affirming and respectful behavior in their interactions with other members of the university family, in an environment that promotes wellness and safety. Any behavior of sexual misconduct is a violation of Christian standards as well as applicable federal, state and local regulations.
